ASSIGNMENT

This Assignment, effective as of September 18, 2001, is made by Ensera, Inc., a Delaware corporation, of 975 Island Drive, Redwood City, CA 94065, Assignor, to Mitchell International, Inc., Assignee, having a place of business at 9889 Willow Creek Road, San Diego, CA 92196.

WHEREAS, Assignor is the owner of the applications for United States Letters Patent identified on the attached schedule by title, filing date and Serial Number ("Patents");

WHEREAS, Serial No. 09/825,604 has been published as Pub. U.S. 2002/01035488A1 on March 21, 2002.

WHEREAS, pursuant to the terms of that certain Asset Purchase Agreement, dated as of August 20, 2001 by and among Assignor, Assignee, Mitchell International Holding, Inc. and iON Satisfaction, Inc., Assignor agreed to assign the Patents upon consummation of the transactions contemplated by such agreement;

WHEREAS, the parties desire to have a recordable instrument assigning the entire right, title and interest in and to said inventions throughout the world, said applications, continuations, continuations in part, and any Letters Patent and reissues that may be granted for said inventions in the United States and throughout the world; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and pursuant to an agreement between Assignor and Assignee, Assignor sells, assigns, and transfers to Assignee, the entire right, title, and interest in and to said inventions, said applications and any Letters Patent that may be granted for said inventions in the United States and throughout the world.

Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and his legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and

throughout the world for said inventions, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said inventions, said applications, and any Letters Patent granted for said inventions in the United States and throughout the world.

Assignor represents and warrants that it has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said inventions, whether on said applications or on any subsequently filed divisional, continuation, continuation-in-part and continued prosecution applications, and all reissues and reexaminations applications, and all foreign counterparts thereof, to Assignee, its successors and assigns, as the assignee of the entire interest in said inventions.
